I had them send a sample and the Adult XL size is plenty big on me. It didn't shrink at all in the laundry. The blue is still a nice bright color too (didn't run at all). The material is a little different than a typical cotton hoodie. It seems warmer and more durable even though it is little lighter weight.

Sorry but I have no idea what the youth sizes are like. I would expect they are more for elementary school ages, not pre-school kids.
